

PIVOTAL RESPONSE TREATMENT (PRT) ZOOM CONSULTATION PROGRAM

Our consultation program is designed to support professionals in implementing PRT with their clients with ASD. Prior to the consultation session(s), professionals complete a pre-training questionnaire and collect videos of themselves interacting with the child, adolescent, or adult with ASD. Subsequently, professionals participate in the Zoom session(s) with an expert trainer who will provide feedback on the submitted videos and coaching related to PRT implementation and program development. If a professional elects to receive ongoing consultation, they will implement the feedback provided and submit videos prior to each Zoom session.

Our programs are individualized to best fit the specific needs of each professional and their client(s). Please see our website for more information on each consultation package, including cost, scheduling, and services offered. For any additional questions, please contact us at info@koegelaautism.com.

Registration Instructions

After completing the online registration form, you will receive a confirmation email with a more comprehensive registration form and intake questionnaire. You will also need to submit three baseline video clips to lizzie@koegelaautism.com through a secure online file transfer program (e.g., Box, Dropbox, Sendspace, WeTransfer). Once we receive your baseline videos, we will provide confirmation and schedule a time to provide coaching and feedback on your implementation of PRT with your child via Zoom.

Baseline Video Guidelines:

- Submit three video clips that are approximately 10 minutes in length (30 minutes in total), without pausing or editing.
- Show yourself actively engaging with your client in naturalistic interactions, implementing PRT, if applicable. Interactions that promote reciprocal (i.e., back-and-forth) exchanges should be the focus of the video clip.
- Please specify the target behavior(s) you are working on with your client, if applicable.

Cancellation Policies

Rescheduling/Cancellation Policy: Zoom sessions may be rescheduled if the professional notifies their trainer at least 48 hours prior to the scheduled start time. Sessions that are missed or cancelled less than 48 hours prior to the session cannot be rescheduled or refunded.

Refund Policies: for one-time consultation and follow-up packages, a full refund will be given only if requested prior to submitting the intake questionnaire and/or baseline video clips for review. Please email us a refund request at info@koegelaautism.com. Unfortunately, no refunds can be issued for canceled Zoom session(s) once your trainer has received your intake questionnaire and baseline videos. For ongoing consultation packages (i.e., monthly sessions purchased per month or per year), all payments are final and not subject to refund.
